

# Dry Guide Coat

## For perfect surface finishing

The Dry Guide Coat has excellent covering properties. The Dry Guide - White is ideal for highlighting pinholes, scratches and imperfections on dark substrates. More efficient than spray products, without the mess or risk of contamination of surrounding areas.

- Product contains 100g of guide coat, and includes applicator.
- Unique applicator has flexible edges for contoured areas and leaves an even coating.
- Guide coat has excellent covering properties to make all scratches and imperfections visible.

*Also available in Black, Part No. 9193500111. (Features twice the amount of competitive dry guide coats!)*
