Polarstar[®] SR Series

For perfect surface finishing

The Polarstar[®] SR Series 32mm (1-1/4") film-backed finessing discs is ideal for spot repair of topcoats and clearcoats.

- Designed to quickly remove dirt nibs or other surface defects
- Produces an even scratch pattern that is easily removed by polishing
- Channels on disc face remove slurry created when sanding to prevent unwanted scratches

Designed to be used with MROS125 and MROS150 Finessing Sanders

Available in 3, 5 and 7 micron grit, packaged in packs of 100 or rolls of 500
